See how Australia's future electricians are trained

We're inviting you and your students to experience firsthand how NECA Training & Apprenticeships develops the next generation of highly skilled electricians.

At our Open Day, students will:

- Tour a state-of-the-art trade training centre
- See live demonstrations of electrical training in action
- Meet qualified trainers and current apprentices
- Learn about career pathways in the electrical and communications industry
- Discover how NECA supports apprentices from start to finish through our Group Training Organisation model

Why it matters for your students:

Electrical apprenticeships are in high demand across NSW. By starting with NECA, your students gain practical skills, industry connections, and strong career prospects in a growing trade.
